PRELIMINARY PROGRAM

80TH ANNUAL MEETING
The Benson Hotel, Portland, Oregon
October 2-5, 2017

CODE OF ETHICS

The ACIL Code of Ethics below pays tribute to Earl Hess' legacy, enriching the laboratory community through his emphasis on ethics in business management, and establishing ACIL's Earl H. Hess Memorial Lecture Fund.

EACH MEMBER OF THE ASSOCIATION AGREES THAT IT IS THEIR POLICY TO ABIDE BY THE FOLLOWING CODE OF ETHICS

- To cooperate in elevating and maintaining the professional status of independent scientific, engineering and testing firms and in securing recognition of the value of services rendered by them.
- To assert competency only in work for which adequate equipment and personnel are available or adequate preparation has been made.
- To have a clear understanding with the client as to the extent and kind of services to be rendered, especially in fields where different grades or characters of services are offered.
- To endeavour in reports to make clear the significance and limitations of findings reported.
- To safeguard reports as far as possible against misinterpretation or misuse, and to contend against such misinterpretation or misuse.
- To oppose and to refrain from incompetent and fraudulent inspection, sampling, analysis, testing, consultation, development and research work.
- To deal honestly and fairly in all business and financial matters with employees, clients and the public.

1:50 pm	Update on 3rd FDA/ILI Summit Meeting
2:10 pm	Update on FDA-FSS Multi-lab study for antibiotics in distillers grains
2:30 pm	Update on FSS White Paper to Administration
2:40 pm	Cannabis Lab Representatives
	Introduction and general discussion
2:45 pm	Overview – ACIL Presentation
	Background and Legislative Federal and State Level Experience
	Short Testimonials
3:00 pm	Afternoon Break
3:15 pm	Continuation of ACIL Discussion and Q&A from Guests
3:30 pm	Open Discussion – Needs of Cannabis Testing Labs & Next Steps
5:00 pm	Adjourn

SPEAKERS

REDMOND RAMOS TUESDAY, 8:30 AM

Ramos deployed to Afghanistan as a combat replacement for 3rd Battalion, 5th Marines, Navy Corpsman. While in Afghanistan, Ramos was rushing to assist an injured Marine when he stepped on an IED, losing his left leg. He won his Warrior Games medals just seven months after his injury.

Ramos has been involved in public speaking since 2008. While in the military, he was always striving to teach his junior Corpsmen (field medics) and Marines combat trauma management. Ramos was in charge of training the Japanese Self Defense Force (JSDF) in combat medicine during Exercise Forest Light 2010 in Sekiyama, Japan.

The day Ramos left the military, he began teaching tactical combat medicine as a civilian contractor for the military. He then found happiness in speaking for the Elizabeth Hospice Center. Being able to thank WWII veterans and their families for their service was an experience like no other. A year later, he was speaking for the hospice center by day and teaching tactical medicine by night.

Success Through Struggle

A compelling speaker and storyteller, former Fleet Marine Force Navy Corpsman Redmond "Red" Ramos delivers a high energy presentation on the power of positivity. With humor, humility and moving recounts of his military experiences, Ramos reminds audiences that through the power of your own thoughts, you are the most influential person in your life.

KEN LYNCH TUESDAY, 9:45 AM

** Joint session with Jason Greer — Wednesday, 2:00 PM*

Ken Lynch, a recognized expert in Human Resources (HR), is a best-selling author, business executive, corporate trainer, consultant, educator, guest speaker and mentor with experience in start-ups and established organizations, both for-profit and not-for-profit. Ken is also a Veteran of the U.S. Army and works with Veterans in their transition back into the civilian workforce. He is the founder of two HR resources to aid the HR community: The HR Network and The HR Diner. Ken is a recipient of the State of Missouri Society of Human Resource Management "Leadership, Education, Achievement and Dedication (LEAD) Award". He holds an undergraduate degree in Psychology, graduate degree in Business Administration and is completing a doctorate in Management. Additionally, Ken is a

certified trainer with AchieveGlobal Management Training programs and Development Dimensions International's Learning Systems, and holds certifications as a Senior Professional in Human Resources and the Society of Human Resource Management — Senior Certified Professional.

Let P.A.P.E.R. work for you!

In the current environment where we have a shortage of skilled labor, effective talent management techniques are vital to the success of organizations. Through the simple process of "P.A.P.E.R.", you will discover how to meet the talent needs for your organization and win this battle for skilled talent!

CHRISTINE MCKINLEY WEDNESDAY, 8:30 AM

Christine McKinley grew up in Alaska, and then attended Catholic high school in California, despite not being Catholic. McKinley is a licensed mechanical engineer, performing musician, and host of History Channel's "Decoded." Her musical about physics and Catholic school, "Gracie and the Atom," received an NEA grant and a 2010 Portland Drammy Original Score award. Her engineering career has included work building power plants, designing HVAC systems, and commissioning mechanical systems for hospitals, schools, and semiconductor fabs. McKinley relies on the laws of physics for guidance and inspiration. Her book, *Physics for Rock Stars* explains why the laws of gravity are comforting in hard times and how to use the Periodic Table as a guide for dating. It was published by Penguin in 2012 and has been translated into Chinese and Korean.

The Power of Facts: How Trust is Earned (and Burned)

Christine McKinley's book, Physics for Rock Stars describes how the laws of gravity, motion, and energy are the most reliable practical and personal guide available. The reason for this is simple: Physics is a statement of the truth. And even when the truth is hard to take, progress can't be made by avoiding it.

In Christine's ACIL address, she will make the case that the way to promote lasting trust in anything (products, agencies, medicines, material samples) is to know the truth about it. She will reinforce to the members of the ACIL that they are sometimes in an uncomfortable position. Sometimes the truth they must report holds up a schedule, increases cost, or stops a product launch. But the alternative is far worse. Christine will use some tragic and hilarious examples of a "non-truth" building into a disaster to remind the ACIL members why their work is more than simply testing and reporting.

JASON GREER WEDNESDAY, 10:30 AM

** Joint session with Ken Lynch — Wednesday, 2:00 PM*

Jason Greer is founder and President of Greer Consulting, Inc. (GCI), a Labor Management and Employee Relations Consulting firm.

Mr. Greer combines his natural wit and storytelling ability with his experience in counseling, training and conflict resolution. He speaks to managing through personal and corporate growth while maintaining an intimate connection to the human components that define us and make our respective cultures special.

Mr. Greer is widely known for his work in the area of racial reconciliation based upon his experiences as a victim of cross burnings and racial harassment by the Knights of Ku Klux Klan. This story and the resulting lessons have been given new perspective in his keynote, **Diversity & The Brain: What's Your Story?**, wherein he champions and celebrates diversity as a means of overcoming barriers to success and experiencing the best that an organization and/or community has to offer.

Educational Session – Diversity & The Brain: What's Your Story?

The *Diversity & The Brain: What's Your Story?* Presentation is all about removing the stigma associated with Diversity and teaching people to embrace our commonalities without focusing unnecessary attention on our differences. By tapping into our internal "stories" we begin to understand how to look beyond surface level details such as color, gender, sexual orientation, etc. By focusing in on breaking down the proverbial walls that separate us, companies and organizations will realize a greater sense of relatedness and productivity among the work force. Jason Greer's approach to diversity training has been described as a "complete breath of fresh air" because he expands the conversation about diversity. He inspires and challenges the audience in such a way that people walk away with a greater understanding and appreciation of our commonalities. Jason digs deep below the surface of the issues, exploring how the human brain comes pre-hard-wired to send cautionary alerts when faced with input from "others" that are not like us. Then he demonstrates how "brain chemistry isn't destiny," and leaves his audience with actionable steps to achieve their personal and corporate goals. It's an uplifting session that participants reflect on for weeks and months to come!

WEDNESDAY, OCTOBER 4, 2017, 2:00 – 4:30 PM

CEO FORUM

The CEO Forum is by invitation only and open to CEO's & Senior Executives, a unique opportunity for peer to peer interaction between CEO's and Senior Executives. There will be multiple presentations during the Forum, as well as plenty of time for discussion relating to the various topics, which will include preparing for the current challenges in the testing industry in support of certification and managing global growth.

DAVID STEINKELER

BENNET SUMMERS

VIVEK MADAN

DAVID STEINKELER

David Steinkeler is a Director in Baird's Global Investment Banking business primarily focused on the Testing, Inspection, Certification and Compliance ("TICC") sector. David is responsible for sector coverage, origination and execution of mergers and acquisitions, equity offerings and other financial advisory services. David has advised on over $6.5 billion of aggregate transaction value including the sale of 3i's Element Materials Technology to Bridgepoint, Metalmark's acquisition of Camin Cargo and OMERS sale of Maxxam Analytics to Bureau Veritas. Prior to joining Baird in 2010, David worked at UBS Investment Bank where he was primarily focused on M&A. David received his M.B.A. with distinction from the Ross School of Business at the University of Michigan and his B.S. with honors from the Kelley School of Business at Indiana University.

BENNET SUMMERS

Bennet is a Partner at OC&C Strategy Consultants in B2B Services Practice with over 15 years experience in strategy and transaction support. He has helped many clients across a variety of B2B industries (including TIC, Outsourcing, Professional Services, Construction & Infrastructure, Automotive & Logistics) develop growth strategies and transform their operational and commercial platforms to support this growth.

Within TIC, Bennet has worked with a variety of investors and industry participants across North America, Europe, and Asia, including:

- North American market and competitive strategy for 'Tier 1' TIC player
- IPO and subsequent growth strategy for Exova
- Investment in leading US Environmental and Life Sciences Testing Player
- Element Materials Technology investment by Bridgepoint in 2016 and acquisition of Exova in 2017
- LGC Group (sale to Bridgepoint in 2010 and subsequently to KKR in 2016)

VIVEK MADAN

Vivek Madan is global Head of Business Services at OC&C Strategy Consultants, and divides his time between our NYC and London offices.

His areas of expertise include TIC, Engineering & Infrastructure Services, Business Process Outsourcing, and Hi-Tech Industrial Products & Services

Within TIC, Vivek has served a cross-section of the fastest growing players on issues of strategy, M&A and performance improvement. He has also supported private equity investors' acquisitions of several players across US and Europe.

SPECIAL ACTIVITIES

NETWORKING EVENT: WINERY TOUR **TUESDAY, 12:15 PM — 5:30 PM**

included with full, spouse/guest, or Tuesday registrations; a charge of $75 will be applied for additional guests not registered

We will make our first stop at Sokol Blosser Winery about an hour outside the city of Portland. Located in the beautiful Willamette Valley, this area has become best known for its Pinot Noirs. A temperamental fruit, the region's weather conditions — longer hours of summer sun combined with cooler temperatures — create the perfect storm for the perfect Pinot noir.

You will learn more about the deep relationship of Pinot noir and the Sokol Blosser estate as you tour the winery and vineyard, and walk through the limited access LEED-certified Barrel Cellar. Enjoy an exclusive, guided Pinot noir flight, accompanied with a Butcher's Board, on a reserved table.

After departing Sokol Blosser, you will make a stop in the City of Dundee, about 30 minutes Southwest of Portland. Blessed with beautiful vineyards, which draw visitors from around the world, and an abundance of highly rated restaurants, award winning wineries, unparalleled vistas, and an excellent quality of life, it is a much anticipated stop on every wine country tour. Here you will have free time to explore this wine town at your own pace, and we highly recommend the wine walking tour. In a easy five-block stroll you can visit seven wine tasting locations to enjoy some of Oregon's best. Tasting rooms include Panther Creek Cellars, Dobbes Family Estate, Argyle Winery, Domaine Trouvére, The Dundee Bistro, Wine and Bubble Bar, and Zerba Cellars.

FIFTH ANNUAL GOLF TOURNAMENT **TUESDAY, 12:15 PM — 5:30 PM** *($140 per person)*

In memory of our dedicated Food Sciences Section Chair, ACIL continues its tradition with the fifth annual Tom Zierenberg Memorial Golf Tournament at the Heron Lakes Golf Club.

Heron Lakes Golf Club offers the best combination of quality and variety of all Pacific Northwest golf courses. Located just minutes north of downtown Portland, OR, Heron Lakes Golf Club features two championship courses: the Great Blue Course and the Greenback Course. Designed by Robert Trent Jones, Jr., each distinctive golf course offers players unique and thrilling challenges. The Great Blue Course was rated 4 Stars by Golf Digest's "Best Places to Play" for 2008/2009. Heron Lakes was also Reader's Choice Top 50 Public Golf courses by GolfWorld Magazine. See more information and to register for the golf tournament.

SPOUSE/GUEST TOUR: MULTNOMAH FALLS & COLUMBIA RIVER GORGE

WEDNESDAY, 1:30 PM — 5:00 PM *($60 per person)*

A half an hour east of Portland you can find some of the most magnificent scenery in the country — skyscraper cliffs, giant sturgeon, and majestic waterfalls. During the last ice age, a cataclysmic event occurred, that left a lasting monument along the path of the mighty Columbia River. A great flood sheared away the land, leaving stone cliffs and water falls that form the world famous "Columbia River Gorge".

View the majesty from the Vista House atop 800-foot sheer rock cliffs, see Multnomah Falls (the second tallest year round waterfall in the country), or witness the free-falling splendour of Latourell Falls. In the autumn, you can witness salmon spawning in nearby Eagle Creek.

FUN FACT: The Columbia River Gorge is unique in many ways. Even though it is dramatic in it's depth and size, it was only formed approximately 15 thousand years ago, during the last ice age. This is almost contemporary, in geologic terms. It is also home to the tallest waterfall in Oregon, Multnomah Falls, which is over twice the height of the Statue of Liberty!

ANNUAL RECEPTION & DINNER (OREGON MUSEUM OF SCIENCE AND INDUSTRY)

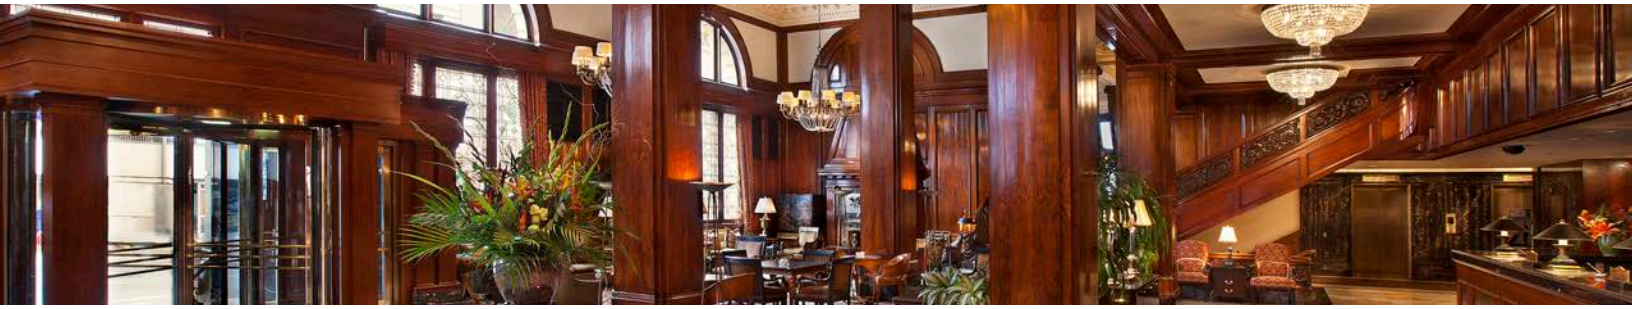
WEDNESDAY, 5:30 PM — 9:30 PM

included with full, spouse/guest, or Wednesday one-day registrations; a charge of $200 will be applied for additional guests not registered

Join your fellow attendees to celebrate the 2017 ACIL Annual Meeting in premier fashion at the Annual Reception & Dinner. Relax and spend time talking and having fun with your peers while exploring the "Turbine & Life" exhibit, the Physics lab, and food science demonstrations.

Standard dress for this event is business casual.

TRAVEL INFO



HOTEL ADDRESS

THE BENSON HOTEL

309 SW Broadway Portland, OR 97205
Ph: 503-228-2000 Fax: 503-471-3920

HOTEL DIRECTIONS

FROM PORTLAND INTERNATIONAL AIRPORT

Follow Airport Way to I-205 South. Take I-205 South to I-84 West. From I-84 West, take the City Center/Morrison Street Exit. Continue on SE Morrison Street over the Morrison Bridge. Turn right on SW Second Avenue. Turn left on SW Oak Street. Turn left on SW Broadway. The Benson Hotel is on your right.

WEATHER

In Portland, October days tend to be mild and partly sunny as the weather starts to cool — rain becomes more common and the leaves turn. Daytime temperatures between 61 and 67 degrees Fahrenheit. It cools down considerably at night.

What to pack: Layers and a rain jacket.

MEETING DRESS

The standard dress for the meeting and all events is business casual (casual wear is acceptable for offsite events).

PORTLAND ATTRACTIONS

PORTLAND ART MUSEUM

Conveniently located on the historic Park Blocks in the center of downtown Portland, the Portland Art Museum is the seventh oldest museum in the United States and the oldest in the Pacific Northwest. The museum houses a large and wide-ranging collection of artworks that complement Native American culture.

OREGON MUSEUM OF SCIENCE & INDUSTRY

Founded in 1944 and one of the nation's top ten science museums, the Oregon Museum of Science and Industry is a world-class tourist attraction and educational resource that puts the "WOW!" in science for the kid in each of us. 5 unique exhibit halls, 8 hands-on science labs, Kendall Planetarium and more!

PORTLAND CENTER FOR THE PERFORMING ARTS

The Portland Center for the Performing Arts is your premier arts and entertainment venue in the Pacific Northwest. Nationally recognized as one of the top 10 performing arts centers in the nation, the PCPA hosts every type of event imaginable from music, theater, dance, and lecture performances.

THE PEARL DISTRICT

Our hotel is located on the cusp of the vibrant Pearl District. Once dominated by factories, the Pearl is now home to some of Portland's most exciting art galleries, boutiques, restaurants, bars, Portland Center Stage and Powell's City of Books. The area is located just north of downtown between West Burnside Street on the South, the Willamette River on the North, NW Broadway on the east and I-405 Freeway on the west. Walking distance from The Benson, in the heart of it all.

ROSE QUARTER

The Rose Quarter is a 30-acre sports and entertainment district located in Portland's Lloyd District, on the east bank of the Willamette River, just east of downtown Portland. Home to the best NBA team in the country (the Blazers, of course), the Rose Garden is also host to the Winter Hawks, concerts, performances, tradeshows, and a whole lot more. Just a mile away, The Benson is the ideal place for you to stay! Park your car with us, hop the MAX to the Rose Garden and enjoy your event.

WASHINGTON PARK

Just a short bike, bus, or drive away you'll find Washington Park: a gorgeous landscape with 400 acres of trees, gardens, playgrounds, and other attractions. Not only does this park house the renowned Oregon Zoo, Portland Children's Museum, Hoyt Arboretum, World Forestry Center, International Rose Test Garden, Portland Japanese Garden and more—it has over 15 miles of trails for you to explore!

POWELL'S CITY OF BOOKS

This famous bookstore is the largest independent new and used bookstore in the world—and it's a place every book lover should experience. It occupies a full city block, three short blocks from The Benson. Avid readers may find themselves engrossed, spending hours perusing the shelves!

VOODOO DOUGHNUT

This indie doughnut shop is a Portland darling. Opened in 2003, it's become famous for its amazing, outlandish creations. Like bacon on your doughnut? This is the place for you –just a few short blocks from The Benson!

PIONEER COURTHOUSE SQUARE

Located in the heart of downtown Portland, Pioneer Courthouse Square is affectionately known as the City's "living room." With more than 26,000 people passing by the Square each day, and thousands more visiting directly, it is the single most visited premier outdoor venue, hosting over 300 events a year!

FOOD CARTS PORTLAND

Some of Portland's best dishes come in to-go containers. Peckish for Peruvian? Tantalized by Thai? Just want a good taco? Food carts have you covered. Just blocks from The Benson, you'll find a staggering selection of lunch items (and sometimes breakfast) that are as appealing to your wallet as they are to your taste buds.

Tom Zierenberg Memorial Golf Tournament

Tuesday, 12:15 p.m. – 5:30 p.m.

ACIL continues its tradition with the fifth annual Golf Tournament. Stay tuned for more information and registration on the golf tournament.

Heron Lakes Golf Club offers the best combination of quality and variety of all Pacific Northwest golf courses. Located just minutes north of downtown Portland, OR, Heron Lakes Golf Club features two championship courses: the Great Blue Course and the Greenback Course. Designed by Robert Trent Jones, Jr., each distinctive golf course offers players unique and thrilling challenges.

Networking Event: Winery Tour

Tuesday, 12:15 p.m. – 5:00 p.m. (included with full, spouse/guest, or Tuesday registrations; a charge of *$75 will be applied for additional guests not registered*)

We will make our first stop at Sokol Blosser Winery. Located in the beautiful Willamette Valley, this area has become best known for its Pinot noirs. A temperamental fruit, the region's weather conditions – longer hours of summer sun combined with cooler temperatures – create the perfect storm for the perfect Pinot noir.

You will learn more about the deep relationship of Pinot noir and the Sokol Blosser estate as you tour the winery and vineyard, and walk through the limited access LEED-certified Barrel Cellar. Enjoy an exclusive, guided Pinot noir flight, accompanied with a Butcher's Board, on a reserved table.

After departing Sokol Blosser, you will make a stop in the City of Dundee. Free time will be had to explore at your own pace the beautiful vineyards and an abundance of highly rated restaurants, award winning wineries, and unparalleled vistas.

Multnomah Falls & Columbia River Gorge

Wednesday, 1:30 p.m. – 5:00 p.m.

($60 per person)

A half an hour east of Portland you can find some of the most magnificent scenery in the country – skyscraper cliffs, giant sturgeon, and majestic waterfalls. During the last ice age, a cataclysmic event occurred, that left a lasting monument along the path of the mighty Columbia River. A great flood sheared away the land, leaving stone cliffs and water falls that form the world famous "Columbia River Gorge".

View the majesty from the Vista House atop 800-foot sheer rock cliffs, see Multnomah Falls (the second tallest year round waterfall in the country), or witness the free-falling splendor of Latourell Falls. In the autumn, you can witness salmon spawning in nearby Eagle Creek.

FUN FACT: The Columbia River Gorge is unique in many ways. Even though it is dramatic in it's depth and size, it was only formed approximately 15 thousand years ago, during the last ice age. This is almost contemporary, in geologic terms. It is also home to the tallest waterfall in Oregon, Multnomah Falls, which is over twice the height of the Statue of Liberty!

Annual Reception and Dinner

Wednesday, 5:30 pm - 9:30 pm (included with full, spouse/guest, or Wednesday registrations; a charge of *$200 will be applied for additional guests not registered*)

Join your fellow attendees to celebrate the 2017 ACIL Annual Meeting in premier fashion at the Annual Reception & Dinner. Relax and spend time talking and having fun with your peers while exploring the "Turbine & Life" exhibit, the Physics lab, and food science demonstrations.
